

Dr. Darryl Roundy & Associates

Thank you for choosing **Atlas Family Chiropractic**. We are committed to providing you with the best possible care and we are pleased to discuss our professional fees with you at any time. Your clear understanding of all of our policies is important to our professional relationship. The following is a statement of our policies. We require that you read, agree to, and sign prior to any treatment:

To all of our new patients

After completing the questionnaire forms, the doctor will have a consultation with you to determine whether or not you can be helped by chiropractic care.

The doctor will perform a thorough examination to determine the extent of your problem. Suggestions will then be made as to whether x-rays will be necessary and what course of therapy to follow.

On your following visit, the doctor will make further suggestions in reference to your treatment plan after they have had an opportunity to review your case.

When a patient seeks chiropractic health care and we accept a patient for such care, it is essential for both the doctor and the patient to be working towards the same objective.

Chiropractic has only one goal. It is important that each patient understand both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments of the spine.

Health: A state of optimal physical, mental and social well-being, not merely the absence of disease or infirmity.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebrae in the spinal column, which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnoses or treatment for those findings, we will recommend that you seek the services of a health care provider who specializes in that area.

Regardless of what the disease is called, we do not offer to treat it, nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I, _____ have read and fully understand the above statements. All questions regarding the doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction. I therefore accept chiropractic care on this basis.

FINANCIAL POLICY

Payment is expected at the time services are rendered. We accept cash, check, debit card, Visa/ MasterCard and Discover.

Insurance: If your insurance offers chiropractic coverage, we will be happy to bill your insurance directly. If we are contracted with your insurance company then we are obligated by our contract to only submit claims to them. **If we have not been successful in collecting from your insurance company after 120 days we will then bill you for the amount pending and it is your responsibility to collect from your insurance company.** You will be responsible for any amount that your insurance plan does not cover. If you have filed a claim under your personal injury protection (PIP), **you** are responsible for any outstanding balances on your account. Co-payments and/or coinsurance balances are due at the time of service unless we are contracted with your insurance company and it is otherwise stated. Insurance coverage is a contract between you and your insurance company; we file insurance claims as a courtesy to our patients. **Medicare patients** - please discuss your coverage and our policy with our office staff prior to being seen by the doctor.

Non-covered services: If insured, your insurance covers chiropractic care that is curative, reasonable and necessary. By definition, they can interpret that some ongoing care is not under that category and may be denied, either during the course of care, or upon paper review or audit. **They may consider it to be maintenance, preventive, or purely wellness care, which is not a covered service.** If insurance denies payment or seeks reimbursement from us for ongoing visits deemed to be a non-covered service by the reasons listed above, the patient is responsible for payment of services. The patient accepts the responsibility to pay for treatment that is deemed a non-covered service by their insurance.

Account balances: Interest at the rate of 1% per month will be added to all balances over 30 days. If you have been in a motor vehicle accident and have a claim pending and/or an attorney and you have a balance that is accruing interest, you are responsible for that interest each month, you will be billed. If we are not receiving payment from an insurance company on a regular basis you will be expected to make a monthly payment toward that account that can be reimbursed to you at time of settlement. A lien will be filed on all accounts that have an outstanding balance pending settlement. Agency fees will be added to all accounts that are turned over for collections. There will be a \$30 service charge for returned or N.S.F. checks.

Appointments: If you are unable to make a scheduled chiropractic appointment, a phone call to reschedule or cancel your appointment is required. If you do not show up for an appointment and do not call to cancel your appointment, it will be to the doctor's discretion as to whether or not he/she will continue to treat you. If you are late for your scheduled visit, we will do our best to fit you in as soon as possible.

For massage therapy, we require 24-hour notice for any cancellation or appointment needing to be rescheduled. Last minute cancellations or no-shows will result in a \$50.00 non-refundable fee that will not be billed to insurance and will need to be paid in full prior to any treatment received at our office. If you show up to your appointment late, you will be responsible for the full amount of the massage time scheduled (i.e. if you show up 20-minutes late for a 1-hour massage, you are responsible for the full 1-hour charge even though the full hour can not be performed); if you are using insurance for massage benefits, we can only bill your insurance for the amount of time massage is performed; the amount of time you were late will have to be paid at the time of service and can not be billed to your insurance.

Record Copies: You have the right to review your personal health care records. Fees for copying your personal health information/records are set by state regulators annually (WAC 246-08-400). The fees are a \$23 clerical fee plus \$1.02 per page for the 1st 30 pages and \$0.78 per page thereafter plus tax.

I, _____ have read and fully understand the above statements. All questions regarding the doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction. I therefore accept chiropractic care on this basis.
